# Grab-and-Go Bag

With more stormy weather in the forecast, it's a great time to make sure you've taken steps to protect your family and your home. It's a good time to check those flashlight batteries too! It is your responsibility to ensure you and your household are properly prepared for an emergency. Taking a few minutes to prepare before an event can take a lot of the fear and panic out of an emergency situation. 72-Hour kits can be purchased complete or are easy to put together on your own. [www.getprepared.gc.ca](https://www.getprepared.gc.ca) is an excellent resource to use and the Community Centre has Emergency Preparedness info packs ready to go!

### BC Strong Start Program

Participate with your young child (aged birth to five) in play-based early learning activities – including stories, music and art. At no cost to families, this early learning drop-in program helps prepare children for success in Kindergarten.

StrongStart BC programs provide rich learning environments designed for early learning development – language, physical, cognitive, social and emotional. Qualified early childhood educators lead learning activities where children find opportunity to make friends and interact with others of similar ages.

The overall learning experience is shared as parents and caregivers attend with their children and are encouraged to get involved in activities like telling stories, playing games and serving healthy snacks. Join us to learn new ways to support your children's learning, get information about community programs and services and make valuable connections with others attending the program.

The Port Alice Strong Start group meets Tuesday and Thursday mornings from 9 am to Noon.
