### Municipal News

The Village of Port Alice has been awarded a Community Wildfire Resiliency Grant to have a Wildfire plan created for the community and offer education on how residents can be prepared for fire season! More information will be coming forward as this project progresses! We are happy to have Strategic Forest Management creating the report that will be a tool for fuel management and wildfire planning for Port Alice.

The Community Centre is looking for volunteers to help with Community events – Canada Day is our next big celebration and lots of fun planning is in the works! To sign up to help out call the Community Centre at 250-284-3391 or email communitycentre@portalice.ca

The bears are out and about again so we would like to remind all residents to be diligent in keeping attractants secured!

There are bears seen daily on the highway and mill road enjoying the fresh spring grass and we ask drivers to slow down and be aware while traveling. Also, a reminder that stopping to take pictures or offering any kind of food will habituate these bears and create an unsafe environment for them. Please help keep our wildlife wild and safe!

The Humpbacks are heading home! It is the time of year we see more Humpback whales in our water, and they are not aware of boaters around them! Please take extra caution while enjoying you time on the water. For more info on how you can help protect these beautiful creatures check out www.SeeABlowGoSlow.org.

Soccer is back! After too long of a break you'll see Port Alice Soccer back in action on the school field! Watch for them on the weekends playing games and stop to cheer on our two local teams! They also offer a concession during games so you can have a treat and support the club.

### **BC Strong Start Program**

Participate with your young child (aged birth to five) in play-based early learning activities – including stories, music and art. At no cost to families, this early learning drop-in program helps prepare children for success in Kindergarten.

StrongStart BC programs provide rich learning environments designed for early learning development – language, physical, cognitive, social and emotional. Qualified early childhood educators lead learning activities where children find opportunity to make friends and interact with others of similar ages.

The overall learning experience is shared as parents and caregivers attend with their children and are encouraged to get involved in activities like telling stories, playing games and serving healthy snacks. Join us to learn new ways to support your children's learning, get information about community programs and services and make valuable connections with others attending the program.

The Port Alice Strong Start group meets Tuesday and Thursday mornings from 9 am to Noon.
