Mayor	Chief Administrative Officer

Mayor Kevin Cameron and Council Village of Port Alice By email: info@portalice.ca

Dear Mayor Cameron and Council,

Re: Coast Copper Corp. - Introduction and Request to Meet

I am pleased to introduce Coast Copper Corp., a small, Canadian-based mineral exploration company. We are working on the Empire Mine property (previously known as the Merry Widow property). It is located on northern Vancouver Island, approximately 30 km southwest of Port McNeil and covers a 10 km by 20 km area between the Benson River and Victoria Lake (see attached map). The property has seen over 100 years of previous exploration and mining, covering three past producing open pit mines and two past producing underground mines for magnetite, copper, gold and silver.

We entered into an option agreement for the Empire Mine property in late 2020 and have spent the last year completing work on the property. During Covid, the Company carried out a few small work programs but with the decrease in cases and the availability of vaccines and antigen tests, we were able to complete two small drill programs in December 2021 and March 2022. While Coast Copper holds an option on a portion of the claims in this area, neither the Old Sport Mine and mill nor the Benson Lake Limestone Quarry fall under the option agreement.

With the history of mining on the property, Coast Copper intends to apply best practices around sustainability and land use and bring the property up to modern standards. We are optimistic that through respectful dialogue and responsible exploration programs with full transparency, respect, open communication and local opportunities, we could be successful in outlining a potentially economic resource. While our exploration activities are at an early stage, we are excited about the potential future of these projects.

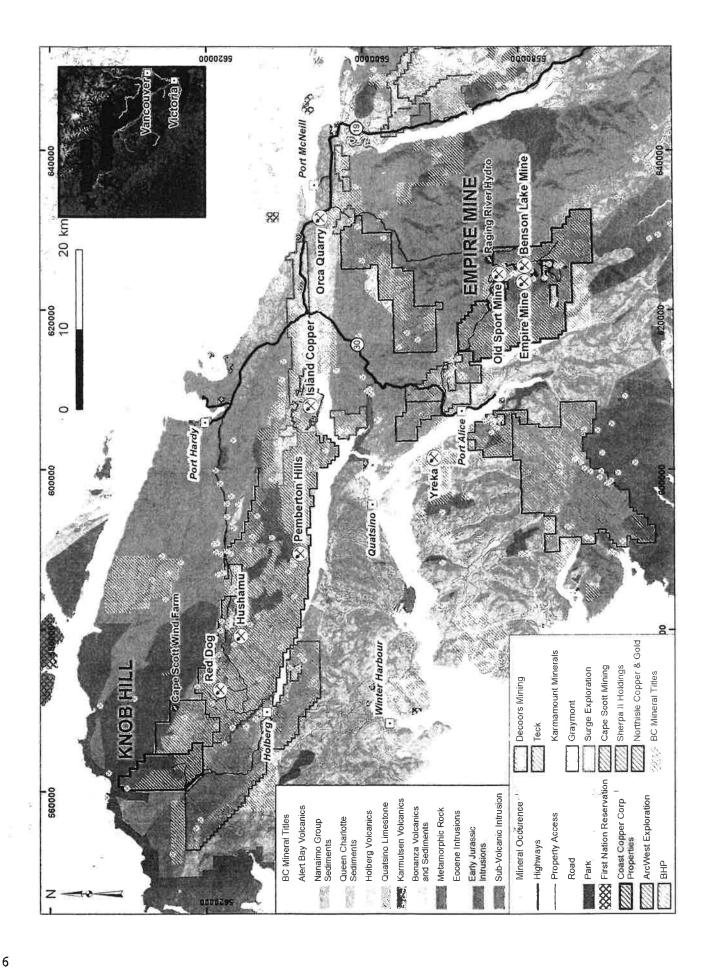

Our team recognizes the importance of establishing relationships based on mutual trust and respect with local Indigenous communities, Governments and other stakeholders who may have an interest in our exploration plans and activities.

We will be attending this year's FILOMI event and would be pleased to meet with you during this event. We would be happy to answer any questions about Coast Copper and our projects and would be very interested to hear your thoughts. We are also available to meet virtually or discuss at your convenience.

Respectfully, Adam Travis, B.Sc.

CEO and Director

CC: Board of Directors, Coast Copper Corp.

Open Letter to Port Alice Village Council Consultation Purposes

From: Frigon Cool Adventure Company, Inc. James Mark 1091 Marine Drive

The property was purchased December 2nd of 2021. At the time of due diligence prior to purchase it was determined that the property was Industrial, Commercial and Investment property (ICI) both by the documentation reviewed by my lawyer and the BC assessment and documentation from previous owners. It was also determined that the previous owners had never submitted requests for rezoning. And that it was registered as a contaminated site. And I thought- wonderful- sounds perfect!

An email from the village sent to me October 29, 2021 stated: "The property is ready to build as far as the Village is concerned. Thankfully it does not fall into any of the development permit areas, so everything is very straightforward. When you are ready to begin, I can send you the building permit application, this along with your plans will go to the building inspector and he will sign off on the permit."

I fully understand that the village has not had a new commercial build in at least 20 years. Also, there must be significant pressure on the CAO and village staff to generate revenue. And I believe in the past, the investments were tens if not hundreds of millions of dollars. And in walks me. Small-time entrepreneur with no clear and immediate vision but with a decent set of skills and tight budget looking to create something new on a site that has been an eyesore, abandoned, overgrown and left that way since at least 1998.

My plans were to pull my trailer on site, study the area, clear the lot, connect the services and observe. Commercial land allows for a residence and business as per the existing OCP from mill days as well as modern commercial zoning laws. Unfortunately, it did not work out and I have spent a lot of money staying over in Alder Bay RV Resort and Cape Lazo RV resort in Comox- bouncing around without reservations because my plans were to stay on the lot I purchased. I saw a trailer at the gas station in Port Alice and I bought a gas station- and assumed the same rules would apply. I saw trailers sitting on commercial property right next to the old steakhouse. And everytime I drove over the hill in my truck there were cars parked on my lot, boats checking their rigging, even a broken down forestry truck for two days that leaked oil all over the place. Basically, it was a parking lot that only the owner could not use.

I did send numerous emails to the RV park in Port Alice trying to be closer starting in April-7 emails in total and was unsuccessful. Additionally, I looked at Airbnbs but the prices were really high.

I am a data guy and basic observer. I needed to talk and see and be there to discover opportunities and meet people that I could work with and mine for ideas. There is no data available from Port Alice as to unique visitors, total number of overnight stays, disposable incomes, surveys, duration of stay, needs of the community, etc., etc. Data is everything these days and business is hard and the greatest chance for success is through understanding and communication.

I am just writing to inform the council that I am listing the property for sale. My budget was strict and this whole project was going to be sweat equity. I cannot thank the public works department enough- Jason and Shane and council member Sean Watson who swooped in with his backhoe made a huge difference. We had two great days poking around and digging around and the guys from public works were stars bringing the water to the property line and finding the sewer termination point at the property line. It was a real highlight and I learned not to be bare legged and bare armed in June. It was a great experience.

If it does not sell, I would like to ask that the village considers allowing me to stay if my personal circumstances ever allow me to have a whole summer free again to stay on the property and actually observe and come up with a plan to build something that may create a job or two, perhaps a partnership opportunity, a community meeting spot or service or an attraction to promote more visitors to area.

I do not know the area. I operate differently than most. I think Port Alice has much potential in trails and water and excursion activities but as an outsider, I have no idea what those are and in order to build a business I needed to see for myself the possibilities.

At the end of the day, I am out a fair bit of money and time and effectively homeless this summer, but that lot sure does look better, no?

Sincerely, James Mark Frigon Cool Adventure Company His Worship Kevin Cameron Mayor Village of Port Alice PO Box 130 PORT ALICE BC V0N 2N0

June 2022

Dear Mayor Cameron,

RE: Quarterly Reports: January 1 – March 31, 2022

This package of documents details the complaint files the Office of the Ombudsperson closed for **the Village of Port Alice** between January 1 and March 31, 2022. No action is required on your part, however we hope that you will find this information useful and share it within your organization.

These reports provide information about the complaint files we closed regarding your organization within the last quarter, including both files we investigated and files we closed without investigation. Files currently open with the office are not included in these reports.

Enclosed you will find detailed reports containing the following:

- A one-page report listing the number of files closed and the category under which they
 were closed. The categories we use to close files are based on the sections of the
 Ombudsperson Act, which gives the Ombudsperson the authority to investigate
 complaints from the public regarding authorities under our jurisdiction. A more detailed
 description of our closing categories is available on our website at:
 https://bcombudsperson.ca/assets/media/QR-Glossary.pdf.
- If applicable: Copies of closing summaries written about the complaint files we investigated. These summaries provide an overview of the complaint received, our investigation and the outcome. Our office produces closing summaries for investigated files only, and not for enquiries or those complaints we chose not to investigate.
- If applicable: A summary of the topics identified in the complaint files closed during the
 quarter. We track general complaint topics for all complaints we receive, and when
 applicable, we include authority-specific and/or sector-specific topics for your
 organization and/or sector. Our office tracks the topics of complaints we investigate and
 those we close without investigation, but not for enquiries. Because complaints to our
 office are confidential, we do not share complaint topic information if we received too few
 complaints to preserve the complainants' anonymity.

If your organization received too few complaints to produce a summary of complaint topics but you would like further information about the complaints our office received about your organization, our Public Authority Consultation and Training (PACT) Team can provide further details upon request.

Finally, we have been tracking complaints related to the COVID-19 pandemic under the general heading of "COVID-19." If you would like more detailed information about those complaints, please contact our PACT Team.

Yours sincerely,

Jay Chalke

Ombudsperson

Province of British Columbia

Enclosures

Quarterly Report for January 1 – March 31, 2022 Village of Port Alice

Type of complete strates	Admed
Enquiries – Many people who contact us are not calling to make a complaint, but are seeking information or advice. These contacts are classified as <i>Enquiries</i> to distinguish them from <i>Complaints</i> , which are requests that our office conduct an investigation.	1
Complaints with No Investigation — Our office does not investigate every complaint it receives. First, we determine whether we have authority to investigate the complaint under the Ombudsperson Act. We also have discretion to decline to investigate for other reasons specified in the Ombudsperson Act.	0
Early Resolution Investigations — Early Resolution investigations provide an expedited process for dealing with complaints when it appears that an opportunity exists for the authority to take immediate action to resolve the issue. Typical issues that are addressed through Early Resolution include timeliness, communication, and opportunities for internal review.	0
Complaint Investigations — When we investigate a complaint we may conclude with a determination that a complaint is not substantiated, or with a negotiated settlement of the complaint, or with public findings and recommendations. We may also exercise discretion to cease investigation for a number of other reasons specified in the <i>Ombudsperson Act</i> .	Total: 0
Reason for closing an Investigation:	
Pre-empted by existing statutory right of appeal, objection or review.	0
Investigation ceased with no formal findings under the Ombudsperson Act.	
More than one year between event and complaint	0
Insufficient personal interest	0
Available remedy	0
Frivolous/vexatious/trivial matter	0
Can consider without further investigation	0
No benefit to complainant or person aggrieved	0
Complaint abandoned	0
Complaint withdrawn	0
Complaint settled in consultation with the authority - When an investigation	
leads us to conclude that action is required to resolve the complaint, we try	
to achieve that resolution by obtaining the voluntary agreement of the	0
authority to settle the complaint. This allows matters to be resolved fairly for	0
the complainant and authority without requiring a formal finding of	
maladministration.	
Complaint substantiated with formal findings under the Ombudsperson Act.	0
Complaint not substantiated under the Ombudsperson Act.	0
Ombudsperson Initiated Investigations – The Ombudsperson has the authority to initiate investigations independently from our process for responding to complaints from the public. These investigations may be ceased at the discretion of the Ombudsperson or concluded with formal findings and recommendations.	0 =

Complaints Closed from January 1, 2022 to March 31, 2022

All Local Government Village of Port Alice

The tables below summarize the complaint topics we are tracking for your sector and/or authority and the number of times this topic was identified in the files (investigated and non-investigated complaints) that were closed in the most recent quarter.

If you would like more information on the types of complaints we receive, please contact our Public Authority Consultation and Training Team: email us at consult@bcombudsperson.ca or call us at 250-508-2950.

VILLAGE OF PORT ALICE REPORT TO COUNCIL

To:

Mayor & Council

From:

Ryan Nicholson, Economic Development Officer

Date:

July 19, 2022

Subject:

Update

Website Updates:

I continue to work on updating our community information on as many websites as possible. There was a tremendous number of outdated statistics and photos on the majority of the webpages I encountered. This will be a continual process as our businesses and services change and grow. To date, the following websites have been corrected or updated with the most recent data and attractive photos:

VOPA webpage, Marinas.com, Boaters Blue pages.com, Tripadvisor, Vancouver Island North, Hello BC, Tourism Vancouver Island, Backroads map book, BC Marine trails, AHOY BC, Executive Pulse CRM,

Google Maps:

Updating Google maps has been a huge undertaking that is also providing huge results for the village and its businesses. Google maps is quite often overlooked; however, it carries significant power as so many other websites include google maps as part of their webpage. This results in much more exposure for places that are included on Google maps. Some of the places I have added are:

Rumble Beach Marina, Port Alice Pizza, Murrmaid Ventures, Lions Park, Community Gardens, Calm waters café, yacht club, visitor centre, weight room, Salon Wild, Candi Island, Thrift store, Frigon Paddling, Rumble Beach Fishing Charters

I made updates and corrections to many other listings that were already existing on maps. In total, up to July 19, 2022 I have added 312 photos of Port Alice and surrounding area that have been seen a total of 124,600 times. These are views just from Google maps. A few of the stand out views are below:

Port Alice Marina – 20,401 views Port Alice Pizza – 15,252 views Port Alice Golf Club – 12,183 views Calm Waters Café – 3549 views Murrmaid Ventures – 4666 views Village office – 4490 views

Quatsino Visit:

On July 5, 2022 I travelled to Coal Harbor to meet with Quatsino's new economic development officer Sean Muir. Sean was quick to reply to my email looking to meet with him, and our first meeting was very positive. We chatted about our communities' opportunities and challenges, and while each community has its own unique issues, we also found some common ground. This was really an introductory meeting, so we didn't dive too deeply into specific topics. I have asked Sean if he would be willing to participate in regular (possibly monthly) meetings with each other to keep an open line of communication and try to find ways of helping each other and our communities, which he is willing to do. I also informed Sean that Port Alice will be starting work on our OCP, and that we would looking to work together with Quatsino on that project.

Visitors in Town:

We have seen a significant increase of traffic in the village now that summer has arrived. There has been a substantial spike in the off road users going through town on off-road motorcycles, ATV's, and side by sides. These units seem to packed for multiple day camping trips towards the West coast. I plan on creating 1 or more visitor surveys (possibly one just for off road users) that include some kind of prize for completion in the hopes of gathering basic information about who is visiting, what they are doing, why they chose here, and what we can do better for our visitors.

Business Owners Networking Opportunity:

I have also been asking business owners about their thoughts on creating a chamber of commerce, or similar business association. The number of business owners I have spoken with about this is limited so far, however the idea has been very well received by those I have spoken with. I am looking into setting up a meeting or possibly a BBQ where our local business owners, new and old, could gather and network about how their business is going and what they would like to see happening in town.

Residential Development Plans:

I am working on arranging a meeting with the economic development officers from Port Hardy, Port McNeill, and Quatsino to discuss any strategies for promoting residential development in our communities, along with ideas that should or shouldn't be implemented as part of our upcoming OCP project. We are waiting for a few people to return from vacation, but hope to arrange this meeting for early August.

Respectfully,

Ryan Nicholson

Economic Development Officer

VILLAGE OF PORT ALICE REPORT TO COUNCIL

To:

Mayor and Council

From:

CAO / CFO

Date:

July 20, 2022

Subject:

Reduction of Municipal Boundaries

At the Committee of the Whole Meeting on July 7 it was suggested that the Village may want to consider reducing the Village boundaries to cut out the mill property and the road leading to it.

I contacted the Ministry of Municipal Affairs to inquire about the process for this and their response it attached to this report.

A boundary reduction would require Ministry permission, public consultation, consent of the electors and consultation with the Regional District of Mount Waddington. If the boundary reduction was successful there would be further costs to change our letters patent and our mapping.

The reduction would result in the road being reverted to the Province; however, we could be required to bring it up to highway standards which would be very expensive.

As there is a Municipal election coming up in October, I would suggest that any further discussion regarding boundary changes take place after the election.

Bonnie Danyk

CAO / CFO

Hi Bonnie

You are correct in understanding that a reduction in municipal area is relatively rare, even more so to remove industry from a municipality – even if the industry is not operating. Section 13 of the *Local Government Act* outlines the statutory steps that Port Alice must undertake. In addition, the Ministry would require the Village to reach out to Regional District of Mount Waddington about the potential boundary reconfiguration. Since the road reverts to the province if the reduction of municipal area is approved by cabinet, the Ministry of Transportation and Infrastructure may require upgrades to bring it up to standard.

If you require more information or have questions, please email, or give me a call at 778 698-3229.

Regards, Karen

Reduction of municipal area

- 13 (1) On the request of the council made in accordance with this section, the Lieutenant Governor in Council may, by letters patent, reduce the area of a municipality.
 - (2) Before making a request for reduction, a council must
 - (a) give public notice of its proposed request in accordance with section 94 frequirements for public notice of the Community Charter and once in the Gazette,
 - (b) obtain the consent in writing of at least 60% of the electors of the area proposed to be excluded, and
 - (c) receive the assent of the electors, unless this requirement is waived under subsection (4).
 - (3) A request for reduction must include the following:
 - (a) a description of the area proposed to be excluded;
 - (b) a description of the municipality's new boundaries;
 - (c) a reasonable estimate of the number of electors in the area to be excluded;
 - (d) a signed statement, of the designated municipal officer, verifying that the required public notice has been given;
 - (e) the name, address, signature of consent and date of signature of at least 60% of the electors of the area proposed to be excluded;
 - (f) a signed statement, of the designated municipal officer, verifying the number of electors entitled to sign under paragraph (e);
 - (g) a signed statement, of one or more persons, verifying the authenticity of the electors' signatures under paragraph (e);
 - (h) the result of the vote required by subsection (2) (c), unless this requirement is waived under subsection (4);
 - (i) the assessed value for municipal purposes of the taxable land and improvements in the proposed reduced municipality;
 - (j) evidence satisfactory to the Lieutenant Governor in Council that all creditors of the municipality consent to the proposed reduction or that provision has been made to discharge the debt owing to the creditors whose consent is not obtained;
 - (k) a signed statement of the mayor, jointly with the corporate officer and the financial officer, showing the existing liabilities of the municipality and any other information the Lieutenant Governor in Council may require;
 - (l) other matters that the Lieutenant Governor in Council may prescribe by regulation.
 - (4) The minister may waive the requirements of subsections (2) (c) and (3) (h).
 - (5) The Lieutenant Governor in Council may, by letters patent, reduce the area of a municipality without a request from the council if the area excluded is included in a municipality incorporated under section 9 [incorporation of reserve residents as village].

7/12/22, 4:03 PM Local Government Act

(6) When an area is excluded from a municipality under this section, the excluded area becomes a rural area.

Reduction of municipal area in relation to final agreement respecting treaty lands

- 14 (1) Despite section 13, if municipal boundaries are affected by a final agreement, the Lieutenant Governor in Council, by letters patent, may reduce the area of the municipality.
 - (2) If under a final agreement, on a specified date or on the occurrence of a specified event, land within a municipality becomes treaty lands of a treaty first nation or is otherwise excluded from the municipality and letters patent have not been issued under subsection (1) in respect of that municipality, the letters patent for the municipality are deemed amended as contemplated by the final agreement.

Redefinition of adjoining municipalities

- 15 (1) After receiving a request from the council of each of 2 adjoining municipalities, the Lieutenant Governor in Council may, by letters patent, reduce the area of one municipality and extend the area of the other by the area withdrawn.
 - (2) Section 12 [extension of municipal area] applies to the municipality whose area is extended and section 13 [reduction of municipal area] applies to the municipality whose area is reduced.

Other redefinition of boundaries

- 16 (1) The Lieutenant Governor in Council may, by letters patent, redefine or alter the boundaries of a municipality if it appears to the satisfaction of the Lieutenant Governor in Council that any of the following circumstances apply:
 - (a) the boundaries are uncertain;
 - (b) the boundaries do not follow legal property boundaries;
 - (c) the boundaries do not conform to those of an adjacent municipality;
 - (d) the whole or part of a highway on or adjacent to the boundary should be included or excluded;
 - (e) the whole or part of adjoining foreshore and any area below low water mark should be included or excluded;
 - (f) the whole or part of the adjoining foreshore along a river, stream or lake, or the foreshore and land covered by water, should be included or excluded;
 - (g) land adjacent to and owned by the municipality should be included.
 - (2) Before exercising the powers of subsection (1), the Lieutenant Governor in Council may direct that a notice of intention to redefine or alter the boundaries of a municipality be given at municipal expense once in the Gazette and in accordance with section 94 *[requirements for public notice]* of the *Community Charter*.

INFORMATION ITEMS

Our Vision: Excellent health and care, for everyone, everywhere, every time.

MEMORANDUM

DATE:

July 19, 2022

TO:

Port Alice residents who are age 70+, Indigenous age 55+, or CEV

FROM:

Island Health

RE:

Pop-up COVID-19 vaccine clinic taking place in Port Alice July 29, 2022

Island Health will be holding a pop-up COVID-19 vaccine clinic in your community.

The clinic will be offering second booster doses to protect against COVID-19 for residents who are age 70+, Indigenous age 55+, or individuals who are designated Clinically Extremely Vulnerable (CEV).

All others 18 years of age and older may receive a second booster dose now should they wish to, however it is preferable to delay their second booster dose until the fall. Please visit the Provincial website for more information about booster dose timing for the best ongoing protection. https://www2.gov.bc.ca/gov/content/covid-19/vaccine/booster

Residents eligible for their first booster (ages 12+), or initial doses 1 or 2 (ages 5+) are also welcome to book. You can get your booster dose if it has been six months since your last dose.

TO REGISTER:

Residents who meet eligibility requirements should receive an invitation from the Provincial Get Vaccinated system to book an appointment. If you don't receive an invitation and you feel you are eligible, please call the Provincial Call Centre at **1-833-838-2323** to speak with an agent.

If residents have any difficulties booking their appointment after first calling the Provincial Call Centre, they can speak with an Island Health Call Centre agent by calling 1-833-633-1919.

Please share this notice with others in your community to help spread the word about this special pop-up clinic. Thank you!

QUESTIONS:

Are drop-ins welcome?

We will have limited capacity for some walk-ins. Appointments are preferred to ensure we have enough vaccine for those who need it.

I can't remember when my last dose was. How do I find out?

To find out the dates of your last dose, call 1-833-838-2323 (Mon-Fri, 7am-7pm) to ask an agent, or visit www.healthgateway.gov.bc.ca.
