## COEXISTING WITH WILDLIFE

### A Bear Overview

BC is home to one of the highest populations of bears in the world ranging from 120-150 thousand. 14,000—25,000 calls per year are made to Conservation Officers regarding black bears. 60% of these call pertain to garbage.

***So what can you do to ensure best waste management practices are being done?***

- Be aware of non food attractants such as kitty litter, diapers, propane, oils and fragrant cosmetics etc.
- Use transfer station hours regularly
- Ensure all garbage bins are firmly latched
- Compostable items should be frozen until the morning of pick-up
- BBQ grills and grease pans must be cleaned after use and stored in a secure place
- Make sure to pick up ripe and/or rotten fruit/berries in a timely fashion

**A fed bear  
is a dead  
bear!**

#### Myth # 1: Fed Bears Are Tame

False. Fed bears can be more dangerous than wild bears because of their expectations of receiving food from humans.

#### Myth # 2: Bears Hibernate In The Winter

False. Bears are most active between April-November but in milder climates, or where they are continuously finding food bears may not go in their dens.

## TRANSFER STATION NOTICE

The Village Of Port Alice Transfer Station at the Public Works Yard is for **residential** use only. Contractors must dispose of waste at the 7 Mile Landfill.

Wood waste must be clean.

**The Transfer Station does not accept drywall or asphalt roofing tiles.**

Everyone can do their part to make the system work, please take the time to separate your waste properly and follow the signage placed around the yard.

-----  
Please refrain from flushing any type of disinfecting wipes, flushable wipes, or paper towel down your toilets. This will cause expensive damage to the Sewer System and can create issues for home owners as well.

### Municipal Transfer Station (Outside)

**721 Marine Drive**

Open to Port Alice Residents

**New Hours, June 5th - Oct 31st**

**Mon, Wed, Thur and Fri 11am - 5pm**

The small Village garbage cans along the sidewalks, at the marina and in the park are not for your household garbage. If you miss your garbage pickup, the transfer station is open 6 days a week and you can drop your garbage off free of charge.

## Category 1 Prohibitions

As of Thursday, June 8, 2023

**CAMPFIRES**

# OPEN FIRE REGULATIONS

40% of B.C. wildfires are human-caused and therefore preventable

## CAMPFIRES, CATEGORY 2 FIRES AND CATEGORY 3 FIRES: WHAT'S THE DIFFERENCE?

### CAMPFIRE:

- Any fire smaller than 0.5 metres high by 0.5 metres wide

#### REGULATIONS:

You must have ready access to 8 litres of water or a shovel for the entire time your campfire is lit.

Your campfire must be completely extinguished and the ashes must be cool to the touch before leaving the area for any length of time. (Hot coals can reignite the fire.)

During campfire prohibitions, only a CSA- or ULC-approved portable campfire apparatus may be used, and the flame height must not exceed 15 centimetres.

You must build a fire guard around your campfire.

### CATEGORY 2 FIRE:

- 1 to 2 concurrently burning piles no larger than 2 metres high by 3 metres wide
- Stubble or grass burning over an area less than 0.2 hectares

#### REGULATIONS:

A fuel break must be established around any Category 2 burn area.

Fireworks are banned when a Category 2 fire prohibition is in effect.

Burning barrels are banned when a Category 2 fire prohibition is in effect.

At least one person equipped with a fire-fighting hand tool must monitor the fire at all times.

### CATEGORY 3 FIRE:

- Any fire larger than 2 metres high by 3 metres wide
- 3 or more concurrently burning piles no larger than 2 metres high by 3 metres wide
- 1 or more burning windrows
- Stubble or grass burning over an area greater than 0.2 hectares

#### REGULATIONS:

A fuel break must be established around any Category 3 burn area.

Monitor your open burn to ensure that the fire doesn't spread beyond its intended size.

You must have a burn registration number to light a Category 3 open fire. Call the burn registration line **1 888 797-1717** to obtain one.

Do not burn when venting conditions are "Poor" or "Fair". Always check here first: [www.bcairquality.ca/readings/ventilation-index.html](http://www.bcairquality.ca/readings/ventilation-index.html)

## GENERAL REGULATIONS:

Never burn in strong wind conditions.

Your fire must be extinguished before leaving the area.

Always keep your fire a safe distance away from nearby branches, wood and other combustible materials.

*\*Further bans and restrictions can be implemented at the Wildfire Management Branch's discretion.*

Anyone found in contravention of an open fire prohibition may be fined up to \$345. If your fire escapes and results in a wildfire, you may be fined anywhere from \$100,000 to \$1 million and be sentenced to one year in prison. Please check with local government authorities for any other restrictions before lighting any open fire.

Please report wildfires by calling  
**\*5555 or 1 800 663-5555.**
