## Municipal Office News

### MAYOR'S CORNER FEBRUARY 2024

Our Village will be undertaking numerous projects as we move forward this year. Not only infrastructure upgrades, but new and evolving projects to showcase our Village and what we have to offer. One I would like to mention is our Link River Project. Our Village owns the Link River Campsite which has been managed by the Regional District for many years. We have brought that responsibility into our hands, which will include the rebuilding of the campsite. This in turn will bring more commerce to our Village. Such as it will bring more people to shop at our local businesses which brings investment back into our Village. This project will take some time to complete. We ask for your patience and understanding as work progresses on this development.

Port Alice Golf and Country Club has now restored power after 5 years. Good job members! If you have time, please go out there and check it out!

Sincerely,

*MAYOR CAMERON*

#### Sidewalk & Footbridge Winter Maintenance Policy 2023 - 2024 Winter Season

During the 2023-2024 winter season, please be aware that the Village of Port Alice does not remove snow and/or ice from the public sidewalks in the village.

When the sidewalks and/or footbridges are covered with snow and/or ice they are very slippery. Please use extreme caution when walking on them. Under the policy the Public Works Crew is directed to clear the **footbridges only**, and only after the major roads and streets have been cleared.

We regret this inconvenience brought on by forces of nature, and remind you to use **extreme caution** when using the sidewalks and footbridges during the winter, and that you are doing so at your own risk.

**This notice is published in accordance with Village of Port Alice Sidewalk & Footbridge Maintenance Policy Code No. 4.3.b.**
