## Please note:

The green dumpsters are not public garbage bins. They are for use for the commercial and multi-residential buildings that pay to rent them. Our new garbage collection bylaw prohibits the use of other people's garbage containers without permission.

The small Village garbage cans along the sidewalks, at the marina and in the park are not for your household garbage. If you miss your garbage pickup, the transfer station is open 6 days a week and you can drop your garbage off free of charge.

## Ammunition and Weapons

**Please *do not* dispose of ammunition at the Transfer Station. It is a safety hazard to Staff and Public.**

Did you know you can safely dispose of ammunition and weapons to the RCMP Detachment in Port Hardy?

Port Hardy RCMP Detachment hours

9am - 3:45pm

250-949-6335

***Please notify the detachment beforehand if dropping of any weapons.***

## Village Council Meetings

Council Meetings are held the 2nd & 4th Wednesday of the month in the Village Council Chambers at 6:00pm. If there is an issue or concern that you wish to address Council about, you may request delegate status by submitting a signed letter of request by 4:30pm on the Thursday prior to the next meeting.

Progress to develop an Active Transportation Network Plan for the Village of Port Alice is well underway. Working with consultant, McElhanney Ltd, the new comprehensive plan will reflect the needs and expectations of the community and provide a roadmap to ensure a well-coordinated, efficient, and sustainable mobility network aligned with the goals and vision of the community. The new plan will communicate recommendations including costs, impacts, and policy direction along with an implementation plan with monitoring and expected outcomes. The Active Transportation Plan will address current and future needs for active modes (pedestrian, cycling) along with a particular focus on active corridors through the Village and providing connectivity to key locations and amenities. The goal is to provide a safe and accessible transportation network that will support a high quality of life for residents, visitors, and efficient mobility for all, recognizing the unique characteristics of the Village.

The process to develop a new Active Transportation Plan began in January 2024, and we held our first round of public engagement on February 22<sup>nd</sup>, receiving considerable input from the community. We are pleased with the progress to date and thank the public for their input into Phase 1 which included the public open house as well as an online survey. With the insights gained from Phase 1, we have moved into the second phase of the Active Transportation Plan process which is; **Where do we want to go?**

We are in the process of finalizing the findings and outcomes of that engagement, along with the analysis of potential solutions and network options and anticipate scheduling a second public engagement event before the summer. Central to the second phase of work will be incorporating what we heard from the first round of engagement into a tangible plan that can be implemented. We understand that improvements to the SeaWalk and Dike Walk are high priorities for the community, along with improving lighting, crosswalks and providing additional seating, which are reflective of the fact that most people (~82% of survey respondents) walk or cycle as a recreational activity, rather than for commuting or running errands. While many of the major influences on people's decision to walk/cycle or not are outside of our control (hills, weather, wild animals), there are elements that can be improved to support walking and cycling and overall recreation while improving safety.

**Based on the community feedback, these core themes define the priorities for the Active Transportation Plan moving forward:**

**ACTIVE** - Residents want a walkable Village that is well-connected to key recreational routes. Specifically, the SeaWalk, Dike Walk and the Lions Park Playground are all features that residents would like improved access to, along with either improvement or expansion of the existing facility.

**BALANCED** - While the Village should be bike- and pedestrian-friendly, there is the reality that there is a need for residents to drive to Port Hardy and elsewhere and that navigating the Village in inclement weather and for those with mobility challenges can mean that taking a car is the best way to move around. Changes to the main roads that support walking and cycling should do so without causing necessary disruption for traffic.

**SAFE** - The Village should be a safe and pleasant environment to move through, with appropriate speed limits consistently enforced, improved lighting and crossing locations, and pathways that are of an appropriate width.

## Rumble Sheet Advertising Prices

**Deadline for June is May 24th**

## Village of Port Alice

### Wood Stove Exchange Program

The Port Alice Wood Stove Exchange Program is designed to encourage residents to exchange their old, inefficient, non-EPA certified wood burning appliances for new EPA-certified wood burning stoves and inserts, and other qualifying appliances including gas, pellet and electric. (Some exceptions apply).

Port Alice residents who exchange their old wood-burning appliance for one qualified under the Program, are eligible to receive a **\$250 rebate**, providing that the old stove will be decommissioned and recycled.

**Ask for details at the Village Office or look online at [www.portalice.ca](http://www.portalice.ca)**

Are you planning to replace a Wood or Pellet Stove? There's a **\$250 rebate** that can help reduce your costs!

## COEXISTING WITH WILDLIFE

### A Bear Overview

BC is home to one of the highest populations of bears in the world ranging from 120-150 thousand. 14,000—25,000 calls per year are made to Conservation Officers regarding black bears. 60% of these call pertain to garbage.

*So what can you do to ensure best waste management practices are being done?*

- Be aware of non food attractants such as kitty litter, diapers, propane, oils and fragrant cosmetics etc.
- Use transfer station hours regularly
- Ensure all garbage bins are firmly latched
- Compostable items should be frozen until the morning of pick-up
- BBQ grills and grease pans must be cleaned after use and stored in a secure place
- Make sure to pick up ripe and/or rotten fruit/berries in a timely fashion

**A fed bear  
is a dead  
bear!**

### Myth # 1: Fed Bears Are Tame

False. Fed bears can be more dangerous than wild bears because of their expectations of receiving food from humans.

### Myth # 2: Bears Hibernate In The Winter

False. Bears are most active between April-November but in milder climates, or where they are continuously finding food bears may not go in their dens.

## **TRANSFER STATION NOTICE**

The Village Of Port Alice Transfer Station at the Public Works Yard is for **residential** use only. Contractors must dispose of waste at the 7 Mile Landfill.

Wood waste must be clean.

**The Transfer Station does not accept drywall or asphalt roofing tiles.**

Everyone can do their part to make the system work, please take the time to separate your waste properly and follow the signage placed around the yard.

-----  
Please refrain from flushing any type of disinfecting wipes, flushable wipes, or paper towel down your toilets. The will cause expensive damage to the Sewer System and can create issues for home owners as well.

### **Municipal Transfer Station (Outside)**

**721 Marine Drive**

Open to Port Alice Residents

**Hours extended until further notice.**

**Mon, Wed, Thur and Fri 11am - 5pm**

**Tue 10am - 6pm**

**Sat 10am - 4pm**

### **Recycling Inside Depot**

(Packaging and printed material)

Please drop off your **recycling** at the **inside depot** during operating hour

**Saturday 10 a.m. - 4 p.m.**

**Tuesday 10 a.m. - 6 p.m.**

Leave No Trace  
**SEVEN PRINCIPLES**

1. Plan Ahead & Prepare
2. Travel & Camp on Durable Surfaces
3. Dispose of Waste Properly
4. Leave What You Find
5. Minimize Campfire Impacts
6. Respect Wildlife
7. Be Considerate of Other Visitors

resqme ROUTE 66

### SUMMER ROAD TRIP CAR CHECKLIST

- Car Battery & Engine**  
Make sure your car engine and battery are in great shape, because without them, you won't be getting very far on your journey.
- Tires**  
Check your tire alignment, tread, and pressure to make sure they're ready for the road. You can take your car to a professional or do it yourself!
- Brakes**  
Have your brakes & brake pads checked to ensure there won't be any issues down the road. And don't forget to top off your brake fluid!
- Fluids**  
They might be overlooked, but make sure to fill up on engine coolant, engine oil, power steering fluid, transmission fluid, and washer fluid.
- Personal Items**  
Dedicate some trunk space for water bottles, snacks, a first-aid kit, and blankets in case of an emergency.
- Safety & Repair Tools**  
Stock up your car with safety tools like our resqme™ to quickly escape a car entrapment. It's also great to carry some important car repair tools!
